**APPEAL 1442**

Alhamdulillah, the institute is one of the twelve Sufi Centres' established by Hazrath Soofie Saheb ﷺ between 1895 -1910. It is situated in City of Pietermaritzburg between the residential and business sectors.

After under going extensive expansion since 1909 it has become the spiritual, educational, cultural and social hub of the community. We thank you for your generous response in the past and Insha Allah we pray you will assist us again.

**OUR ACTIVITIES AT THE INSTITUTION ARE AS FOLLOWS:**

A Jaame Masjid, Islamic library in the institution office (only Quran Sharif with no translation is kept inside the masjid library to avoid forcing one school of thought on any persons). The library in the office can be visited but books are not lent out, however a free service of photocopying relevant pages for research purposes is offered. Our website has an online library with downloading facilities. A massive Madrasah was run but post-apartheid saw the introduction of Islamic Schools and many people choosing to send their children to the old prestigious schools. Madrasah enrollment numbers began to decline due to Islamic Studies offered at schools. However, many converts and children come to the Institution home for private lessons. Insha'Allah the we plan to launch an online Madrasah which focuses on the basics of Islam and the differences of the schools of thought so the future generation learn the etiquette of differences. We also have a Community Hall, Fitness Centre (for women and children), and offer social welfare services, spiritual healing, counseling and spiritual guidance. A monthly night market was introduced since 2017 in order to uplift local businesses within the community to serve the purpose of people supporting lesser known home-based traders. Many are given free stalls and supplied with stock due to their dire financial status. With the Grace of God Almighty, they became popular and self-sufficient. Unfortunately these had to be curtailed due to COVID-19. All funds generated through this initiative was put into a Project Account with the instructions of the organization's Accountant. Eventually we were able to build a heated indoor pool and fitness floor exclusively for ladies and children. The funds generated from the Fitness Centre will, Insha'Allah, enable the Institute and Masjid to become sustainable with minimal requests for funding. Our future project is to establish a Women Empowerment Centre where various skills will be taught. (During the Pandemic, lessons are given with social distancing and adherence to Government restrictions). May Allah Almighty lifts this pandemic soon so that more instructors can rent the facility and increase the activities of the Fitness Centre.
